

## Winter is Over

*Winter is over, the rains are past  
Fresh flowers are blooming upon the earth  
The sound of singing is heard in the land  
Arise my darling and come with me.*

*See how the Fig tree is sprouting leaf  
The vine in blossom, its fragrance sweet  
No one need tell you "Soon summer will come"  
So too you'll know when God's Kingdom is near.*

*(musical bridge)*

*The earth in turmoil, dark hides the sun  
Bright stars are falling, rulers lose thrones  
Look up with boldness and be not afraid  
See, your salvation is drawing near.*

*Look up with boldness and be not afraid  
See, your salvation is drawing near.*
